

We invite you to submit a concurrent session or poster presentation proposal for the Extension Risk Management Education National Conference on April 3-4, 2019. Submission details are provided below as well as information on travel assistance. A Pre-Conference seminar on Behavioral Economics will take place on the afternoon of April 2. We look forward to seeing you at the conference!

2019 Extension Risk Management Education National Conference  
April 3 - 4, 2019

*The Brown Hotel*

*Louisville, KY*

The goal of this conference is to broaden risk management education programming for agricultural producers, to encourage new programming efforts, and to strengthen existing programs.

**Call for Concurrent Session and Poster Presentations**

**\*\*\*Due date for proposals has been extended to January 15, 2019\*\*\***

The 2019 ERME National Conference will bring together public and private sector educators, crop insurance agents, lenders, and other agricultural professionals to share ongoing and emerging successful risk management education efforts that target agricultural producers and their families. Conference participants will learn about what is working to help producers effectively manage the financial, production, marketing, legal and human risks associated with their agribusinesses.

**Concurrent Session and Poster Proposals**

**Concurrent Session and Poster presentation proposals** are being solicited which highlight successful risk management education programming and its impacts. Abstract submission is encouraged from any public or private entity involved in risk management education for agricultural producers, regardless of whether the project was funded through a regional ERME Center. **Presentations should be geared toward educators (rather than producers) and should demonstrate impacts as a result of the educational efforts.**

**Format of proposals:** Proposals will be accepted online, beginning November 1, 2018. To submit a proposal for a concurrent session presentation or a poster display, please go to the

conference page on the ERME website (<http://erme.events/erme2019>) and click on the "Call for Presentations" link. There you will be able to register your proposal and provide an abstract (maximum of 250 words) describing your educational effort, and how it was of benefit to the participants.

**Length of sessions:** 30 minute Concurrent Sessions are available. Please bear in mind that we would like presenters to allow 5-10 minutes at the end the session for questions and interaction.
